

EARLY LEARNING AND CARE PROGRAMS

PARENT INFORMATION

PROGRAM STATEMENT

The “How Does Learning Happen”, Ontario’s Pedagogy (*referred to as HDLH*) for the early years document is used for the purpose of guiding all licensed child care programs and early years support programs.

Children enrolled in our program will be given many opportunities to build on their competencies, capabilities and will be exposed to activities to foster their thinking. Our programs are designed to encourage curiosity for children to build on their potential.

The goals (*for the children*) that are used to guide our programs are intended be used by educators in the planning and in the creating of environments, experiences and contexts for children’s learning and development across all the domains of learning.

FOUNDATIONS	GOALS FOR CHILDREN	EXPECTATION FOR PROGRAMS
BELONGING	Every child has a sense of belonging when he or she is connected to others and contributes to their world.	Early childhood programs cultivate authentic, caring relationships and connections to create a sense of belonging amongst and between children, adults, and the world around them.
WELL-BEING	Every child is developing a sense of self, health, and well-being.	Early childhood programs nurture children’s healthy development and support their growing sense of self.
ENGAGEMENT	Every child is an active engaged learner who explores the world with body, mind, and senses.	Early childhood programs provide environments and experiences to engage children in active, creative, and meaningful exploration, play and inquiry.
EXPRESSION	Every child is a capable communicator who expresses himself or herself in many ways.	Early childhood programs foster communication and expression in all forms.

Our Goals

Goals to guide our program:

We will promote the health, safety, nutrition and well-being of all children by:

- Ensuring that our environment is safe and clean at all times,
- Encouraging self-care through proper handwashing and hygiene,
- Providing a variety of healthy food options,
- Encouraging children to try new foods, to serve themselves at mealtime, and through role modeling,
- Allowing opportunities to take reasonable risks.

We believe in supporting positive and responsive interactions among the children, parents, child care providers and staff. This will be demonstrated daily in the way that our staff welcome and communicate with our children and families, forming relationships. Our connectedness to the children and families help us to ensure that our program values the unique and diverse characteristics of the children's families and the community in which they live.

We will foster the engagement of ongoing communication with parents about the program and their children by keeping an updated parent communication board, current observations, documentations and daily communication books. We recognize that everyday moments are rich opportunities to encourage a child's development, build self-esteem, thinking and communication skills, social and emotional well-being and the capacity for self-regulation. We will encourage the children to interact and communicate in a positive way and support their ability to self-regulate by encouraging children to openly express themselves in a safe, accepting environment. Children will be supported in developing strategies and discovering tools to help them express their feelings and emotions to develop resiliency. Descriptive praise will be used to acknowledge the children's positive behaviours, engagement and accomplishments.

We will foster the children's ability to explore, play and inquire through child-initiated and adult supported experiences. We will build upon the children's natural curiosity by observing their interests and providing activities to enhance children's experiences. We will create a positive learning environment and experiences in which each child's learning and development will be supported by providing inclusive, yet adaptable activities to meet the needs of all children.

Children's daily schedule and environment will incorporate indoor, outdoor and active play, rest and quiet time making accommodations to support the individual needs of all children. Within our environment we will provide enough activities to support both large group play and individual play. Some examples include centres such as sand and sensory, science, fine motor and manipulative, construction and blocks, writing, literacy/listening, creative art and everyday living. Children who do not sleep at rest time will be accommodated with a variety of quiet activities.

We commit to fostering positive relationships with community partners and provide families with links to community resources where important partnerships with families and communities will support our program to meet the needs of young children. We believe that children benefit from respectful interactions with a variety of community members. We work collaboratively with other community agencies to ensure that all children are adequately supported such as Triple P Positive Parenting Program, No Wrong Door Referral System, Community Quality Assurance, and participation on various committees.

We recognize the importance of and support staff and home child care providers to participate in learning as a continuous process. We provide opportunities such as Professional Learning Sessions and Networking, Professional Development Days, and Mentorship Programs. New staff and students are mentored through a thorough orientation process.

We will document and review the impact of the strategies set out in our goals for the children and families through open daily communications and opportunities for self-reflection. The success of our programs will be measured using a quality assurance checklist, exit surveys and parent feedback.

Reflective Practice

We commit to reflect on current best practices and to engage in professional development learning experiences, both individually and with colleagues. We believe it is imperative that our registered early childhood educators and other educators are knowledgeable and responsive to children, families and their community, as this flourishes social and physical environments where children will thrive. We are reflective practitioners who learn about children using various strategies. We listen, observe, document, and have discussions with families to understand their children as unique individuals. As reflective practitioner we will commit to the following reflective questions for each foundation in our practice this year.

Belonging

How can we continue to strengthen positive relationships and interactions for each child and family while ensuring a sense of belonging, social inclusion and participation?

Well-Being

What else can be done to improve connections between cognition and physical and emotional well-being?

Expression

How can we improve our methods to ensure every child can express themselves in a variety of ways regardless of their abilities?

Engagement

What can we do to strengthen our program to ensure “every” child is genuinely involved and interested in what they are doing? How will we evaluate that we are meeting the needs of all children?

Supportive Behaviour Statement

Our program is designed to;

- Encourage the children to interact and communicate in a positive way and to support their ability to self-regulate,
- Foster children’s exploration, play and inquiry,
- Provide child-initiated and adult-supported experiences,
- Plan for and create positive a learning environment and experiences in which each child’s learning and development will be supported.

Child Care Algoma Board of Directors, Management and staff acknowledge that our program statement is a living document and will be modified as needed. All staff, students and volunteers will review the program statement through the orientation process, as well as, yearly thereafter or if modifications are made.

Arrival & Departure

Young children depend on regular routines for their own sense of security. Fixed arrival and departure times are necessary to maintain legislative child and staff ratios. Please ensure that staff is aware of your child's arrival and departure. The sign-in/out sheet is an official document used to record the transfer of responsibility of your children, staff always sign your children in and out. The sign in/out sheets are also used in the event of an emergency to indicate who is present at the centre.

Unless otherwise arranged, children will not be released to any person other than those specified on the application form. Please inform staff if someone other than yourself will be picking up your child. Staff will not release your child to anyone under the age of 18 years unless they are the child's legal parent or guardian.

If your child is going to be late or absent, please advise staff. If a child is absent without proper notification, parents may be charged the regular fee. Similarly, if you know you will be delayed in picking up your child, please call so that staff can prepare your child.

Based on your child care needs, you will be assigned drop off and pick up times at the placement visit (listed below). If you require child care before or after the assigned times, or if you require more than 9 hours of child care per day you will be charged an additional fee for extended hours of \$6.00 per use.

Accepting a child into care

1. When accepting a child into care at the time of drop-off, program staff in the room must:
 - Greet the parent/guardian and child.
 - Ask the parent/guardian how the child's evening/morning has been and if there are any changes to the child's pick-up procedure (i.e., someone other than the parent/guardian picking up). Where the parent/guardian has indicated that someone other than the child's parents/guardians will be picking up, the staff must confirm that the person is listed on the emergency card or in the child's file or where the individual is not listed, ask the parent/guardian to provide authorization for pick-up in writing (e.g., note, email or See Saw App)

 - Sign the child in on the classroom attendance record.

Where a child has not arrived in care as expected

1. Where a child does not arrive at the child care centre and the parent/guardian has not communicated a change in drop-off (e.g., left a voice message or advised the closing staff at pick-up) the staff in the classroom must:
 - Inform the Site Supervisor or designate and they must contact the child's parent/guardian no later than one hour passed regular drop off time. The Site Supervisor/designate will call parent/guardian, email or send message on the see saw app, at least once and leave message.
 - If Site Supervisor or designate is not able to reach anyone to confirm the child's absence from care a second attempt will be made when possible.
2. Once the child's absence has been confirmed, program staff shall document the child's absence on the attendance record and any additional information about the child's absence in the daily written record. (communication book)

Releasing a child from care

The staff who is supervising the child at the time of pick-up shall only release the child to the child's parent/guardian or individual that the parent/guardian has provided written authorization that the child care may release the child to. Verbal authorization can also be given over the phone. Where the staff does not know the individual picking up the child (i.e., parent/guardian or authorized individual),

- confirm with another staff member that the individual picking up is the child's parent/guardian/authorized individual.
- where the above is not possible, ask the parent/guardian/authorized individual for photo identification and confirm the individual's information against the parent/guardian/authorized individual's name on the child's file, emergency card or written authorization.

Where a child has not been picked up as expected (before centre closes)

Where a parent/guardian has previously communicated with the staff a specific time or time frame that their child is to be picked up from care and the child has not been picked up after 30 minutes of usual pick-up time or before centre closes. Site Supervisor or program staff shall contact the parent/guardian by phone call and advise that the child is still in care and has not been picked up.

- Where the staff is unable to reach the parent/guardian, staff must call again and leave a message for the parent/ guardian. Where the individual picking up the child is an authorized individual and their contact information is available, the staff shall proceed with contacting the individual to confirm pick-up as per the parent/guardian's instructions or leave a voice message to contact the centre.
- Where the staff has not heard back from the parent/guardian or authorized individual who was to pick up the child the staff shall contact emergency contact, wait until program closes and then refer to procedures under "where a child has not been picked up and program is closed".

Where a child has not been picked up and the centre is closed

Where a parent/guardian or authorized individual who was supposed to pick up a child from care and has not by the time the centre closes staff shall ensure that the child is given a snack and activity, while they await their pick-up.

One staff shall stay with the child, while a second staff (when possible) proceeds with calling the parent/guardian to advise that the child is still in care and inquire their pick-up time. In the case where the person picking up the child is an authorized individual; the staff shall contact the parent/guardian first and then proceed to contact the authorized individual responsible for pick-up if unable reach the parent/guardian.

If the staff is unable to reach the parent/guardian or authorized individual who was responsible for picking up the child, the staff shall contact the authorized individuals listed on the child's file or emergency card.

Where the staff is unable to reach the parent/guardian or any other authorized individual listed on the child's file (e.g., the emergency contacts) by 1 hour passed closure of program, the staff shall proceed with contacting the local Children's Aid Society (CAS) at (705) 254-6516 or Nogdawindamin Family and Community Services (NOG) at (705) 946-3700. Staff shall follow CAS's or NOG's direction with respect to next steps.

Dismissing a child from care without supervision procedures

Staff will only release children from care to the parent/guardian or other authorized adult. Under no circumstances will children be released from care to walk home alone.

Parent Issues, Concerns or Complaint Policy and Procedure

CCA Complaint Policy has been developed to assist in understanding the complaint process.

Any complaint concerning the operational, physical or safety standards of the service that is considered by the service provider to be of a serious nature, including any report of adverse water quality is a serious occurrence and must be reported to the Ministry of Education.

- Child Care Algoma board, management and staff will take every complaint seriously and will review, evaluate, take appropriate action and respond to the complaint in a timely manner.
- Dissatisfaction with the outcome of a decision is not a complaint. The complaint procedure is not another form of reconsideration. If the agency receives a complaint for which the appropriate action to take is to apply for reconsideration, Program Coordinator will be advised and referred accordingly.
- As part of Child Care Algoma's commitment to quality service, the following pages outline the approach of addressing written complaints about its processes and quality of service received by the public. Periodically, some aggressive behaviour occurs. Behaviour which threatens the safety of the child, other children or adults are taken seriously. Parents will be notified of patterns of aggressive behaviour. At this time we will ask for your partnership in addressing these behaviours. It may be necessary to withdraw the child from the program until appropriate referral and support are arranged. In some instances permanent withdrawal may be necessary.

Duty to Report

Child Care Algoma provides services to children and their families and therefore also has roles and responsibilities with respect to child abuse and neglect. The Child and Family Services Act requires that everyone who has reasonable grounds to suspect that a child is in need of protection, should immediately report the suspicion and the information on which it is based to the Children's Aid Society.

Serious Occurrence Posting

As an operator of licensed child care centres, Child Care Algoma works diligently to provide a safe, creative and nurturing environment for each child. In spite of all the best precautions, serious occurrences can sometimes take place. The Ontario government requires licensed child care centres to post information about serious occurrences that happen at each child care centre.

Emergency Management Policy

In the event of an emergency evacuation and the necessity to relocate to the designated emergency evacuation shelter location, the site supervisor or designate will call parents/guardians by telephone.

Volunteers / Students

Child Care Algoma volunteers and students will **not** have unsupervised access to children. Students and volunteers are supervised at all times by a Child Care Algoma employee, and are NOT permitted to be alone with children.

Nutrition

Good nutrition and promotion of healthy attitudes towards food are an important part of the centre's programs. A nutritious mid-day meal is provided, as well as morning and afternoon snacks. Children's special dietary needs and allergies will be posted in the kitchen and playroom areas for the staff. Weekly menus are posted for current and following weeks to assist you in menu planning at home. Our program cooks will plan special snacks for holidays and birthdays.

Within our programs we have children who have potentially life threatening allergies (anaphylaxis) to certain foods, predominantly peanuts, nuts, eggs, and milk. To reduce the risk of accidental exposure, we ask that children do not bring any food from home.

If a child is on a special diet or is unable to eat certain foods due to cultural practices, please notify staff. Special arrangements may be made for your child's meal.

Outings/Neighborhood Walks

Neighborhood walks allow children an opportunity to learn about the natural world and extend activities beyond the classroom. Parent/guardian consent is required at the time of registration to allow a child to participate in an activity off the immediate grounds.

Rest Time

Young children require a mid-day rest according to the Child Care and Early Years Act. Children under the age of five are required to rest for no more than 2 hours daily. Children who do not sleep can engage in a quiet activity.

Health and Administration of Medication

The Child Care and Early Years Act regulations stipulate that prior to admission each child must be immunized as recommended by Algoma Public Health. If a child becomes ill during the day, temporary care will be provided until the parent or guardian can be contacted, and the child can be taken home.

We ask that you please keep your child home if he/she is unable to function properly due to illness. It is not our intent to allow children who are truly sick to stay at the centre, but it is also not our intent to exclude children who are mildly ill (common cough or cold).

We rely on parents to make good decisions regarding their child's health, to prevent the spread of infection within our child care center. We ask your co-operation in keeping your child home until they are symptom free for 48 hours before they return to the program if they have diarrhea/vomiting or as directed by Algoma Public Health.

If your child has been diagnosed by a physician as having a communicable disease, he/she may only return to the centre once they meet the requirements of Algoma Public Health's exclusion policy.

A child should not attend the program or will be notified immediately to be picked up if any of the following symptoms appear or occur:

- Fever of 100 F (38.3 C) or higher and other symptoms (i.e. rash, vomiting, etc.) or not well to participate in the program
- Persistent diarrhea
- Pain: any unexplained or undiagnosed
- Acute cold (fever, sore throat, green/yellow nose/eyes etc.)
- Difficulty breathing-wheezing or persistent cough
- Infected skins or eyes (mucus/pus draining) or undiagnosed rash
- Headache and stiff neck
- Severe body or scalp itching such as scabies or lice
- Vomiting
- Known or suspected communicable disease/illness such as chicken pox

Our child care programs will administer medication to children in accordance with Agency policy. This requires that parents complete a medication administration form, provide medication in the original container clearly labelled with the child's name, name of the drug, dosage, expiry date and instructions for administration and storage of the medication. ***Medication is not to be left in a child's locker***, please give to program staff.

If a child refuses to take his/her medication the parent will be contacted and given the option to come and administer the medication to the child themselves or to make an alternative plan to administer the medication when they are at home. Child Care Algoma will support the staff in not forcing a child to take their medication.

Clothing and Possessions

Children should wear clothing that is comfortable, easy to put on and remove, and easy to care for. Please send your child in "play" clothes. We offer art activities, water, sand and outdoor play, so children need to wear clothing that allows them to move about freely and get dirty.

Children do not always recognize their own clothing. In order to eliminate confusion, please ensure all clothing is clearly labeled with your child's name. Also, please provide an extra set of labeled clothing,

including pants, shirt, underwear and socks. Please check periodically to make sure they are seasonally appropriate and also to be sure your child has not outgrown them. Also, please return items once they are used. We do have some spare clothing that can be borrowed and we ask that you return it after washing.

Children are required to bring a labeled blanket for their daily rest time. The day care is not responsible for lost belongings. Parents are required to ensure that adequate supplies of diapers and wipes are provided (if applicable).

Indoor shoes are required for all programs located in schools.

Summer Shoes: We ask that children avoid wearing flip-flops. Closed toe shoes are recommended.

Items from Home

We maintain a generous supply of toys and equipment for the children to use. However we do understand that a transitional item may be needed by some children to feel safe and secure, and to ease the transition from the home environment to the day care. For many children this will be a blanket or a toy.
