

WHAT IS EXTENDED DAY PROGRAMS?

Our extended day programs are the before and after school programs that are ran at a few different elementary schools.

We offer our programs to children ages 4-12. These programs are so special because we can facilitate activities that the children are interested in at their age level including different board games, sports like hockey, basketball and soccer, and art activities like modeling clay, canvas painting, and Perler beads. The children have the freedom to choose what they want to do each day, and help with input about the programs.

STAFF TESTIMONIALS

“Working the before and after school programs has given me the opportunity to work with an amazing team of people who genuinely care about the well-being of children. It allows me to be creative and help the children express themselves through art and educational activities. We provide them with the environment to grow, develop confidence and give them a safe place to start and end their day. Seeing the children grow and develop is very rewarding”
– Destiny

“I love working for the before and after school programs mainly because of the kids who attend. Our job allows us to do fun activities each day with the kids and by being interactive with them we get to watch them grow as little individuals. Not only is it enjoyable to go into work, at the end of each day it makes me want to be a better person.”
-Olivia

“A CHILD CAN TEACH US THREE THINGS:

- 1. TO BE HAPPY FOR NO REASON**
- 2. TO ALWAYS BE CURIOUS**
- 3. TO FIGHT TIRELESSLY FOR SOMETHING”**
